

Property Survey Access Consent Form

It is important that the PHAI has your current contact information on file so we can communicate with you as the work progresses. As more property owners move away from land-based phone lines, please include all cell phone numbers and updated email addresses.		Port Hope Area Initiative 115 Toronto Road Port Hope, Ontario, L1A 3S4 Ph: (905) 885-0291 Fax: (905) 885-9344

4. <input type="checkbox"/> I am acting on behalf of the Property Owner with the Owner's permission attached in writing.			<input type="checkbox"/> N/A
<p>I allow access to the property by CNL personnel or by authorized persons working on behalf of CNL for the purpose of conducting surveys and detailed investigations for the identification of contaminants associated with historic low-level radioactive waste that may exceed the Port Hope Area Initiative clean-up criteria. Such investigations may entail drilling exterior boreholes, collection of soil samples, interior/exterior contamination surveys and interior radon gas sample collection.</p> <p>CNL will leave the property in the same state as it was prior to the survey, to the extent practicable. Arrangements for access will be made verbally and in advance of any on-site investigations.</p> <p>If the survey reveals the presence of low-level radioactive waste exceeding the Port Hope Area Initiative clean-up criteria, any cleanup by CNL would be the subject of a separate agreement. If the survey reveals the presence or potential presence of other chemical substances exceeding relevant environmental standards, you will be notified of such information.</p> <p>I acknowledge that all information collected as part of the surveys/investigations will be the property of CNL and may be shared with its contractors and consultants for the purposes of carrying out the PHAI Port Hope Project.</p>
